Dedication

For her willingness to help students in every way possible, for her readiness to understand the problems of young people, for her consideration and patience both in and out of the classroom, and for her sincerity and dedication to helping students learn, the JEB Staff wishes to dedicate THE 1967 JEB to MRS. FRANCES UNDERWOOD.

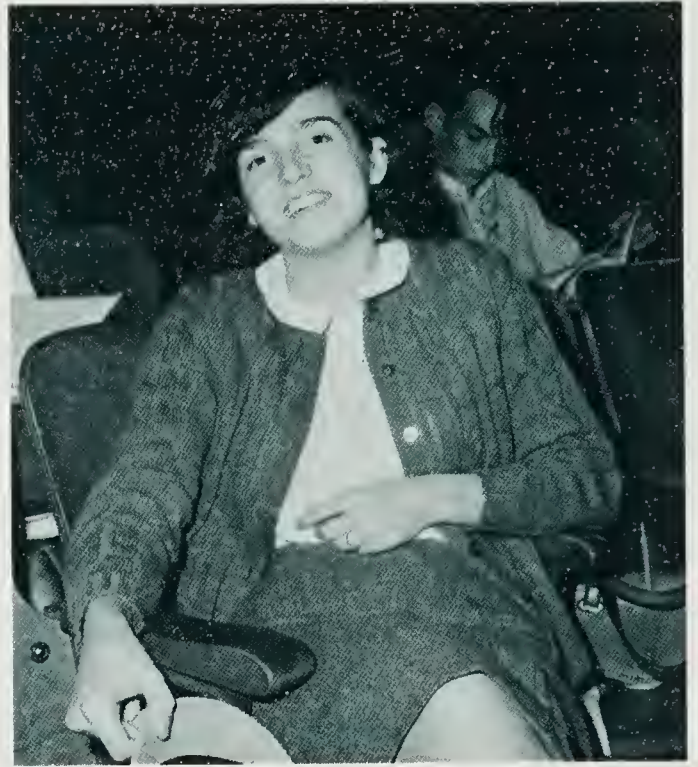

Foreword

As this school year draws to a close, it ends for many of us our days at Stuart High School. For others it marks the end of another year's progress toward our goal. Our time has been well spent in a quest for many things. We have pursued knowledge from textbooks and teachers. We have sought friendship with other students in our school. But even more important, our high school days have been a time for discovery and development of ourselves, our interests, and our abilities. After our days here are ended, we will often look back upon this part of our lives as our best days. We will recall not only our work for an education, but also the good times, the growth in every way, and the feeling of happiness and success over a job well done. We will remember each facet of our high school days, for THE WHOLE IS EQUAL TO THE SUM OF ITS PARTS.

The students in all grades of Stuart High School are very fortunate to be led by such a truly understanding faculty and administration. These men and women, whose lives are devoted to the education of the youth of our nation, are very carefully shaping the citizens of tomorrow. Their superlative training, high ideals, and wholehearted dedication to teaching all assure the best possible education for students, as well as making it possible for each student to develop many useful skills. These teachers introduce new subjects to us and go over familiar ones in such a way as to make them interesting. Besides teaching classes and grading papers, these teachers must answer hundreds of questions, as well as guiding students in the right way.

It is easy to see why we are all very proud of our fine staff of teachers and administrators at Stuart High School.

High School is a place where many simplicities form a vast complexity, with all the selves living not alone, but in harmony as one common self. All the individuals, all the classes, have accepted responsibility and accomplished much through long hours and hard work. The students who inhabit the halls of Stuart High have made this year a tremendous success in both participation and education.

The class of '69 has really helped to make this year great at S.H.S. Members have actively participated in assemblies, clubs, and sports. They have been on many committees in S.C.A., Hi-Y, 4-H, and other clubs. They made up the essential part of the J.V. teams.

They have been outstanding in school work as well. Thirteen of the class were inducted into the Beta Club. Of these thirteen, six were boys. As THE JEB went to press, the class was planning to take P.S.A.T. and other similar tests.

Freshmen are vital part of J.V. teams

Map study helps students to easily locate both familiar and unfamiliar regions.

Board work helps students visualize their own mistakes.

As the Sub-freshmen walked through the doors of Stuart High School, they were exposed to new and sometimes hectic surroundings. During the first weeks, they became familiar with the ways of high school. They made many new friends and decided which clubs to join. Several of the boys formed the eighth grade basketball team. By the end of first semester, each member of the class found himself busy almost every minute of the day.

The athletes in our school have worked hard this year and exhibited their ability and determination to win. Everyone has done his part to create real competition for the teams of other schools. The ball players have shown their good sportsmanship and have carried on our school's tradition of fair play. At pep rallies and games the cheerleaders have spread enthusiasm to the fans and teams. The students have supported and encouraged the ball teams and have remained sportsmanlike, win or lose.

Much of the credit for these accomplishments goes to Mr. Walker, who has also been responsible for much of the success of the track and golf teams. Mr. Cobbler has coached the Junior Varsity boys through a year of gaining many victories and much experience. Through his organization of the baseball team, these boys also had one of their most successful years.

A state championship is a hard act to follow, even for Stuart High's outstanding athletic department. This year's basketball team has displayed vigor, endurance, and determination, all prerequisites for a good team. Inexperience haunted the Wildcats all season as many different combinations were tried before the team finally jelled just prior to the tournament.

Wildcats

Good defense, led by captains Jack Dickerson and Billy Light, was a hallmark of the Wildcats all season, but with much of the opposition especially 'up' for the 'Cats, the offense sputtered. Among the bright spots was the excellent showing in the district, the rapid development of the juniors on the squad, and the promotions of Murray West and Richard Spencer from the Junior Varsity. Spencer became the leading scorer on the team with an average of 17 points per game.

The Student Cooperative Association consists of all Stuart High School students who elect a group, known as the Student Council, to represent their interests in the activities of the school.

The S.C.A., with the help of the faculty, governs the school, charters all clubs, and sponsors their activities.

The work of the Student Council begins in the summer with the preparation of the student handbooks. On the opening day of school the representatives assisted with the orientation of new students and sponsored an assembly program. The S.C.A. sponsors many projects among which are the Miss Stuart High Beauty Pageant and giving baskets of food to needy families at Christmas.

Each year representatives attend district meetings and the Student Council sends delegates to the state convention and summer workshop.

Working on the annual staff is quite an exciting job because each year you try to present a yearbook better than ever before. Each student who works on the staff each year must possess several necessary qualities: he must be able to cooperate with his fellow students, he must have creative ability, and, above all, he must have the willingness to work. When the annual work comes to a close, each annual member feels honored that he has helped to create treasured memories for each individual student.

Homecoming Our Year

The sixth annual Homecoming was held on Friday, February the tenth. In the preliminary game, the Wildcats fought well, but bowed to the Hardin Reynolds Rebelettes, 44 - 28. The next tip-off found the Wildcats engaged in a fierce struggle with the Rebel team. Although the Wildcats fought hard, the attack of the Rebels was too much and when the horn sounded, the Rebels led 52-50. Of the enrollment of Stuart School, more than half are in the elementary grades. From the first day these students entered school, each has been building toward that one important goal--a high school diploma. During his elementary years, the pupil's ideas and opinions are fixed, his study habits formed, and friendships made. These are the years when under the excellent leadership of his teachers, the student is prepared for the adjustments to the complex world of high school and the even more complex world of everyday life.

Students find that making a report requires finding many sources of information.

Dear Senior Class of '67:

You are now completing your public education and it is in order to extend to you "Congratulations" for your perseverance and final achievement.

You are standing on the threshold of a new and exciting life. Commencement is truly the beginning--the beginning of greater accomplishments and greater responsibilities. Some of you will go to college pursuing a higher education to better fit you for life. Others of you will take up your responsibilities in the business world. Wherever you go or whatever vocation you engage in, we hope and pray that the future will be good to each and everyone of you. In this connection, you may rest assured that you may depend on us to render the best possible service to you and your community in every way that we know how. Your problems, either insurance or in civic affairs, are of prime interest to us.

Wishing you the best of luck for the future, we are,

Sincerely,

Paris H. Pugh, owner
